

1	Course Name:
	Network Security
2	Course Code:
	INB23304
3	Year and Semester Offered:
	Year 2 Semester 2
4	Credit Hours Value:
	4 Credit Hours [4 SLT Credit]
5	Prerequisite(s), if applicable:
	INB23804 Network Routing and Switching
6	Course Synopsis:
	This course identifies security issues which may arise in networking system environment, and explore available network security technologies available to safeguard it.
7	Course Learning Outcome:
	Upon completion of the course, students should be able to: 1. Identify available network security technologies to secure networking systems. 2. Performs network security solution implementation towards an insecure network. 3. Demonstrate consideration of public health and safety in security implementation.
8	Content Outline:
	Topic
	1. Network Security Threats
	2. Network Device Security
	3. Access Control Systems
	4. Local Area Network Security
	5. Firewalls Technologies
	6. Intrusion Prevention System
	7. Virtual Private Networks
	8. Managing Secure Networks
